Caravan of Thieves

*Bouquet*

SELF-RELEASED

Expect the unexpected from *Bouquet*, the debut disc from Caravan of Thieves—a genre-defying quartet fronted by Deep Banana Blackout guitarist Fuzz and his wife Carrie. The band explores more styles over the course of one song than Girl Talk does. Fuzz, Carrie, violinist Ben Dean and double bass superstar Brian Anderson pay equal homage to the gypsy jazz of Django, the sweet harmonies of The Beatles and the '30s punk of Squirrel Nut Zippers—all while creating a unique sound all their own.
